INTRODUCTION

Gosparini is located on a beautiful Umbrian hillside with breathtaking views over Lake Trasimeno and into Tuscany. In a small rural community of independent, stylish villas, and just a short walk from a bar and small restaurant, its perfect position offers connection as well as guaranteed privacy.

Building permission has been given for one or two freestanding houses/villas with a swimming pool (per house), to be completed according to the buyer's wishes. SpecialUmbria is able to deliver and oversee the project, from buying to completion, using our wealth of experience on similar builds.

This part of Umbria is brimming with opportunity for those who wish to explore central Italy and its rich cultural heritage and myriad outdoor activities. Assisi, Perugia, Montepulciano and Siena, as well as both Arezzo and Cortona, are all within an hour of the property.

The starting price of EUR 1.6 million is an estimate of the total project cost for a turn-key property, to include: construction, all finishes (including technical systems and a swimming pool), a garden (including landscaping and planting), technical fees (eg architect, engineer, surveyor), project and design management by

SpecialUmbria, and all interior and exterior furniture and decoration.

LAYOUT

FACILITIES

OUTSIDE

Further landscaping and planting is permitted, as is the construction of a private pool. If the buyer is looking to build two houses, they are allowed to each have a private pool.

TECHNICAL

There is currently no electricity.

There is currently no water so the property will need to be connected to the mains and permission will be given to dig a private well.

The sewage system requires a septic tank.

An LPG tank can also be installed.

All (other) technical elements will be decided during the project and calculated into the total cost, including underfloor heating and cooling, a private well, and the installation of solar panels.

Underfloor heating and cooling system, digging of well, installation of solar panels, are calculated in the total cost of the project.

ENERGY

TBD at the start of the project.

OTHER FEATURES

DIRECT ENVIRONMENT

Gosparini is accessed by a small, quiet country lane at the start of a rural hamlet made up of independent villas of various sizes scattered up the hillside. There is a bar/small restaurant within walking distance.

PROPERTY MANAGEMENT

SpecialUmbria is able to look after every element of the project and beyond, from completion of the sale to full interior and exterior design. Once finished, SpecialUmbria can offer year-round management and rental services for the property. You can find more information in the separate Services section of the website.

NOTES

The asking price refers to the sale of the plot in its current state. The estimated cost of the turn-key project includes the materials, the works (including technical systems and a pool or pools), landscaping and garden planting, technical fees and project management fees, as well as all interior and exterior furniture and decoration.
