INTRODUCTION

Cattaneo is a plot of building land on which it is possible to obtain more than one residential unit, located right on the border of the town of Gualdo Cattaneo. From the lot there is an incredible view of the village of Gualdo Cattaneo and the surrounded valley, in south east direction, enjoying magnificent sunrises and afternoon lights.

The plot can be divided into three different plots which could be sold separately with a price of Eur 100.000,00 each.

The mentioned “starting from EUR 1,7 mio” price comprises an estimate of the total cost to incur in a project to come to a turn-key delivery of the property: construction (renovation, new build or restoration pending the situation) included the building’s structure where necessary as well as all finishings including systems and swimming pool, landscaping and planting of garden, technical fees (e.g. architect, engineer, surveyor), project & design management by SpecialUmbria, all interior and exterior furniture and decorations.
