INTRODUCTION

Colibrì is a spacious three-bedroom apartment, spread over four floors of an old town house in Città della Pieve and topped by a roof terrace that has stunning views over the town's bell tower to Lake Trasimeno and Valdichiana.

The property was restored by the current owner in 1995 and has since been carefully maintained. Starting on the second floor of the building, the entrance leads to the large living room with windows onto the street, and the kitchen. On the same floor, a passage leads to the office and an en-suite bedroom. The floor above has a second, large living room with a fireplace and a kitchenette, a twin bedroom and an en-suite double bedroom. The top floor has a toilet, a small veranda and a spacious terrace.

Città della Pieve is a pretty, medieval hilltop town with narrow cobbled streets, historic buildings and a church with frescoes by Perugino. It has lovely restaurants, bars and cafes and is well placed for trips to Assisi, Perugia, Lake Trasimeno and the surrounding countryside.

LAYOUT

BEDROOMS

The three bedrooms, two of which are en-suite, occupy different floors of the property. The double

rooms look out onto the street while the twin room faces the courtyard.

BATHROOMS

Two of the four bathrooms are en-suite and have been recently renovated. There is a large shower room with double basins, a sink and a washing machine on the top floor that is conveniently placed next to the roof terrace. There is also a guest loo on the second floor.

KITCHEN

The large, modern kitchen has a double window and is big enough for a family dining table.

LIVINGROOM

The property has two living rooms on different floors. The first one has a fireplace, two windows and is large enough to have a dedicated dining area with pendant lights above the table. The second one is also large but less formal, with a big fireplace making it cosy in winter, a convenient kitchen corner and a TV/games area.

OTHER ROOMS

There's a cellar or 'cantina' in the courtyard that offers excellent storage.

FACILITIES

OUTSIDE

Colibrì's roof terrace has one of the town's best views: of the town's roofs and bell tower and to Lake Trasimeno and the Valdichiana, beyond. There are white curtains on a wire that can be pulled shut to create extra privacy.

TECHNICAL

The property is connected to mains water, electricity, gas and sewage. Radiators heat the house and there is a boiler. A PVC 1,000lt tank and a pump

ensure constant water pressure. The house has security cameras and an alarm system.
