INTRODUCTION

Pò Martino is a large farmhouse, in a unique position in the area of Umbria between Monteleone d'Orvieto and Città della Pieve. The potential is very large and the options for renovation are just as many. It is surrounded by a beautiful park with mature trees providing shade, including a private access road. The views are varied on multiple sides. Another access to the main house is present. On one side from the main house you can see the Valdichiana in Tuscany and on the other the village of Monteleone d'Orvieto, further in the distance the village of Montegabbione.

The mentioned “starting from EUR 3,32 mio” price comprises an estimate of the total cost to incur in a project to come to a turn-key delivery of the property: construction (renovation, new build or restoration pending the situation) included the building’s structure where necessary as well as all finishings including systems and swimming pool, landscaping and planting of garden, technical fees (e.g. architect, engineer, surveyor), project & design management by SpecialUmbria, all interior and exterior furniture and decorations.
