**INTRODUCTION**

If you drive past Città della Pieve and get closer and closer to the border with Tuscany, right there where the Valdichiana begins, we come to this unique property ready to be renovated. Podere Mazzuoli stands proudly on top of a hill, with some cypress trees around it, cultivated and well-kept fields, and with its character, a little Umbrian and a little Tuscan.

There are many square meters that can be obtained, giving life to an ambitious project, made up of several buildings, enriched by a beautiful swimming pool and why not, even a wellness center. You can get a magnificent and dominant property, which can also accommodate a cellar, a study and many rooms for large families or groups of friends. Surely you can give space to your imagination, and create something unique in the area that can also have an excellent economic return, taking advantage of its strategic position between Umbria and Tuscany.
